Dear Parent/Carer,

Update on Roof Replacement Investment

You will be aware that in March major improvement works began to replace the school's roof and I am pleased to say that the essential upgrades are progressing well.

Up until now the construction works have taken place on the outside of the school building and have been quiet and non-invasive. This has meant that our pupils have been able to continue attending the school site without being disturbed.

The programme is now reaching the stage where essential works are required inside and these works are significantly more intrusive and noisy.

The Council has stipulated that it would be far too dangerous and disruptive to have the children in the school during this time.

Therefore, to ensure the safety and wellbeing of pupils, we have had to take the decision to close the school site for the summer break on Friday 15th July, one week earlier than intended.

Instead of attending the school, children will be invited to participate in excursions, where they will be taken out by members of staff, on two occasions during the week.

I am currently in the process of devising a time-table for this and I will share further details with you by the end of next week Friday 1st July.

In addition to these opportunities, pupils will also be provided with work to complete at home and staff will contact you throughout, to offer guidance and support.

I understand that this may be disruptive and I apologise for this. Pupils will return to school on Wednesday September 7th.

Many thanks for your ongoing support. We really appreciate your patience and understanding.

Jamyn Beesley
